

NOLITA

DRINKS MENU

IN PURSUIT *of* GOOD TIMES

NoLiIta, short for North of Little Italy, has always been a place where stories are written in conversation and laughter. In the late 19th and early 20th centuries, thousands of Italians left behind the sunlit hills and narrow streets of Italy, carrying with them the richness of their culture and the hope for a better life. They settled in lower Manhattan, where life was hard, but their spirit was unbreakable. Markets bustled with the scent of fresh basil and citrus, voices rose over shared meals, and a sense of belonging grew between the cracks of the city's old brownstones. This was NoLiIta.

Mulberry Street was alive with energy. Social clubs and late night spots pulsed with conversation and music. Figures like Lucky Luciano would later shape these streets, but the true soul of NoLiIta was always in the people, gathering over drinks and stories as the city hummed around them. Sinatra's Fly Me To The Moon carries the memory of those nights. Timeless. Effortless.

As Prohibition took hold, those same streets changed with the times. Behind unmarked doors and beneath dim lights, a new kind of nightlife emerged. Italian-American families and familiar faces became part of this hidden world, keeping spirits alive when the city tried to silence them. What began as neighbourhood connection became something more daring, more secretive.

Our cocktail menu reflects this history. A blend of Italian tradition and New York edge, shaped by stories of risky rule breakers, Italian mobster passion, and late night antics. The warmth of Trastevere at sunset. The lively chatter of Spring Street. The feeling that something unforgettable is just about to happen.

Our cocktail story too continues into the Prohibition era, where NoLiIta's basements and back rooms came alive after dark. You'll find echoes of those nights throughout the menu. The Secret Society takes its cue from the members only nature of speakeasies, where entry relied on knowing the right people or being recognised at the door. The Reversed Clover Club reflects the kind of drinks served behind those closed doors, refined, balanced, and made to be enjoyed quietly, away from watchful eyes. Each drink draws from a time when the city moved in secret, and every pour carried a sense of risk.

This is more than a menu. It's a celebration of connection, indulgence, and the quiet **magic of finding yourself in the right place at the right time. So lean in close, let the night unfold, and join us in pursuit of good times.**

A vintage photograph of a bar scene, overlaid with a red tint. The scene is set in a classic bar with a dark wooden bar and a woman behind the counter. Four men are present: one on the left wearing a cap and striped tie, another next to him in a suit, a third man seen from the back, and a fourth man in a fedora hat standing at the bar. A large framed painting of a nude figure is on the wall to the left, and a decorative lamp hangs from the ceiling. The text "FROM THE BAR" is centered in white capital letters.
